

Environmental Policy

ame health and safety services ltd is committed to protecting the environment and having a positive environmental impact at work, complying with applicable environmental legal requirements; and the continual improvement of its environmental control arrangements and performance. To implement this policy we have adopted a Management System based on the requirements of ISO9001:2015, ISO14001:2015 and ISO45001:2018.

ame's overall environmental objectives are to prevent pollution, optimise use of natural resources and reduce waste at all locations under Company Management control. In addition continuously promote awareness for improved environmental impact, both internally and with interested parties, in particular clients.

ame recognizes the importance of achieving and maintaining good standards of environmental management. The company's Environmental Policy therefore provides a framework for the company to achieve good practice, meet the objectives set out through the implementation of the Environment Management system and compliance with the legislative requirements and approved codes of practice
