

Corporate Presentation
January 2021

About us

Established in 2004, ame is today a market leader in the local health, safety and environment industry. With over 15 years' experience and a growing team of 22, ame offers a wide-ranging portfolio of services which spans from training and certification to risk assessment and health, safety and environment safety management systems.

ame offers consultation and training solutions in a vast array of health and safety activities, including work environment, occupational, industrial, construction, tourism and commercial sectors. ame offers full compliance certification for Occupational Health and Safety laws.

ame's training services offer an array of courses starting from the basic short training (BST), Online courses and is the only provider to offer VNFIL (Validation of Non-Formal and Informal Learning) under the umbrella and approval of the Malta Further & Higher Education Authority. Moreover, ame offers specialisation in a range of fields, such as fire safety, first aid for adults, children and infants, environmental waste management and safe handling of chemicals for manual labourers.

ame operates in wide range of industries from health and safety in construction to aviation and banking to education.

What we do

ame provides a holistic approach to Occupational Health, Safety and Environment process implementation and management that meets and exceeds legal obligations.

Our commitment puts ame health, safety services limited in the forefront position and set us apart in this field. Entrusting ame health, safety services limited with your Occupational Health and Safety requirements will be of great benefit to your company. In the long run your company will save money in court litigation and employee compensation, loss or damage of equipment and property caused by accidents.

ame's staff are committed to continual improvement of health, safety and environment arrangements and performance; with one overall objective to prevent accidents, injuries and occupational ill-health at all locations under our supervision. Our staff's vast experiences range considerably both locally and abroad.

Company Structure

Accolades & Recognition

Quality standards are a fundamental part of ame's philosophy. ame has maintained the certification for ISO9001 since its initial certification in 2011. Obtained OHSAS18001 certification in 2013, later recertified the new ISO45001 Standard in 2020, continuously obtaining positive audit results. ame has most recently also obtained certification for ISO14001 in November 2020.

In 2014, ame achieved its endorsement from Malta Further & Higher Education Authority to run Courses and Tutorials in the field of Health & Safety.

ame's accolades are nothing but a reflection of the company's value proposition; **Consultancy – Training - Innovation**
